

VISION

Spiritually inclusive healthcare for all.

MISSION

Leading the integration of safe and high-quality spiritual care in healthcare.

At the heart of our strategic plan is our commitment to co-creating a fundamental change in how spiritual care is understood, valued and integrated into healthcare.

ADVOCACY AND PROMOTION

Creating multiple levels of influence, and increasing understanding and awareness within Government, across the health sector and within the wider community.

PROFESSIONALISATION

Driving increased recognition and integration of a qualified and certified spiritual care workforce and creating a culture of improvement.

EDUCATION

Building the capacity of the healthcare workforce to implement a bio-psycho-social-spiritual model of health care.

SUSTAINABILITY

Expanding our impact, responsiveness and accountability through strategic engagement and partnerships.
